Subject: Saturday morning update

Good morning Sir,

Please find below a quick update from today's meeting:

Saturday (morning)

- The main site remains peaceful with traffic flowing freely from to and from the border crossing.
- CP ten, 18km north of Coutts on highway 4, remains active. There are approximately 200 civilian vehicles, 40 tractor/trailers and 50 commercial vehicles at that CP.
- Intel reports that 500 Freedom rider (horseback riders) will be forming up in Milk River and riding to near CP 10. They then plan to load up the horses and drive to Coutts at noon.
- CBSA has advised they are prepared to open the Del Bonita border crossing, if required, to ensure traffic continues to flow through the border crossing.
- MP and MLA possibly attending Coutts today.
- Several other protests/convoys are occurring within the province today. These are being monitored by DEOC.
- An MARP request has been completed and forwarded for equipment for removal of vehicles.
- 40 TACT Troop members from "E" Division will be arriving today to assist.

Kind regards,

Sarah
